 DMC-310 black (0.2 skeins)  DMC-725 topaz (0.1 skeins)

Thank you for purchasing an original Capes and Crafts custom pattern.

This pattern is perfect for all abilities, from beginners to stitching veterans. It will look great on any colour of aida you choose. We stitched our sample on oatmeal coloured aida for a vintage Christmas feel. The number in square brackets next to the floss colour in the legend is the number of strands to use for each particular stitch (backstitches use 1.)

Please be aware that in this pattern DMC-xxx refers to the colour codes for DMC branded floss, and ANC-xxx refers to Anchor brand floss (where xxx is a number.) For more information on how to read and use our patterns, please go to our website www.capesandcrafts.co.uk and have a look at our tutorials section.

Our top stitchy tip: be sure to have clean hands when you stitch and avoid oily moisturisers - there's nothing worse than grubby needlework! Also, your finished work will look best if all your crosses lean the same way.

You will need a tapestry needle with a blunt tip and a large eye. We use size 24 needles for most aida and a sharp embroidery needle for backstitches and French knots.

Remember to find the middle of your fabric before you begin! We recommend folding it into quarters, just to make sure everything is nice and centred. The centre of this pattern is marked by black arrows along the margins to help you out.

Please do not sell any works you create with this pattern or redistribute this pattern without consent.

And last, but not least, have fun! Capes and Crafts geeky patterns are designed for contemporary, ever-so-slightly nerdy stitchers, and we want you to have a blast while you work!

Want this pattern with just symbols and no colours? Or over fewer pages, or more pages? Just get in touch and we'll sort you out! You can email us at emma@capesandcrafts.co.uk
