038/04/2016 Minutes of the Previous Meeting

It was **resolved** that the minutes of the Meeting held on Monday 7th March 2016 (circulated to all members) were agreed as a correct record and signed by the Chairman. Proposed Cllr. Hawkins, Seconded Cllr. Green.

039/04/2016 Public Participation

Cross Hills Library – South Craven Library Service

David Pearson attended the meeting and informed that a group of volunteers have come forward to run the library. A number of these volunteers have put forward to become trustees and are registering the library as a Charity Incorporated Organisation. The South Craven Community Library Service as it now will be known. The group are working with North Yorkshire County Council who have provided an independent advocate in helping to produce a management plan. A full set of figures detailing costs and other information should be available to the group within a couple of months. The Charity trustees have drawn up a constitution. By registering as a charity Incorporated Organisation this will open doors to grant opportunities and save on things such as Council Tax.

Mr Nicholson who attended the last North Yorkshire Craven Area Committee Meeting asked if the Parish Council had received figures for Libraries from Marion Tweed Ryecroft, Stronger Communities. Mr Nicholson emphasised that users of the library stretched all over Craven and beyond with residents from Skipton, Steeton, Eastburn and Keighley using the facility. The Library is a South Craven Library and requires funding to be able to continue to remain open. The Parish Council has not received any information at this time.

Recycling

A resident put forward that on bin days could the paper be collected before the bottle bin. Recycling as a whole is being currently being discussed at Craven District Council. Cllr. Morrell informed he would mention the point.

Planting Trees in the park

Would the council liaise with the football club with regard to any future planting of trees around the playing field? The Parish Council would notify the football club.

040/04/2016 North Yorkshire County Council Report from Councillor Philip Barrett

Footpaths

£4,500 of funding has now come through from North Yorkshire County Council to help in the cost of works to the footpath near the cricket field and beckside. Work is due to start at the beginning of May 2016. The Parish Council thanked Cllr. Barrett for his help in securing the funding.

Public Rights of Way – Strimming

Existing routes will remain on the list to be cut, unfortunately the number of cuts reduced. At present cuts are planned sometime in June/July.

Ellers Road

The landowners of the field near the Well at the bottom of Ellers Road have been contacted. After discussing the problems of water coming out of the wall, a silt trap could be the problem. The owners are looking into the matter and will report back.

Environment Agency – Flood

Cllr Barrett reported he had contacted Claire Brown from the Environment Agency and reported that Claire has been developing a bid for FDGiA (central government money to support flood risk work, administered by the EA on behalf of Defra) for the development of flood alleviation options for Glusburn, Sutton-in-Craven and Cross Hills. The bid was originally submitted in late February, but will evolve a little through the process. The final submission date is the end of May.

The bid current sets the scope of the work as below (information from Claire Brown):

“This will result in a strategy for managing flood risk, from all sources, within the Glusburn Beck and Long Dyke catchments both now in light of climate change. Taking a catchment approach, the impact of the options to manage risk will be fully understood and mitigated, ensuring that risk is reduced overall, and not displaced to other parts of the community and will consider options for all aspects of flood risk management. As a result, this is a partnership approach has been developed to take this forward.

There are a number of key deliverables potentially associated with asset and watercourse maintenance, improved and new flood defences This needs to be developed alongside the model review which is programmed within the same timescales, as the Upper Aire Habitat and Land Management Project, and the work of the Wild Trout Trust in this area. The recommendations and preferred approaches identified from this work will feed into future updates of both NYCCs Local Flood Risk Management Strategy and the Humber FRMP (draft FRMP 2)”.

The current bid is for over £1 million spread across 3 years, starting 16/17. However, there will not be any certainty of getting this or part of it for a few months until the programme is approved. I expect that we will not be able to fund the whole project from FDGiA and will need to seek contributions from others. However, if we can get a line with some allocated funds on the programme it would enable us to start looking at other funding options and could be a great step forward.

Cllr. Barrett informed he will ask Claire to keep him updated on the funding bid.

041/04/2016 Craven District Council Report from Cllr. Morrell

Cllr. Morrell reported he attended a meeting of the Community Grant Committee and informed that an award of £1,000 has been currently awarded to a Sutton based group. In the last 12 months approximately £6,000 has been awarded to local Sutton based groups.

5. Craven District Council –Planning Decisions

- a) Date of Valid Application: 18 November 2015
Proposal: Erection of Single Dwelling in the Garden of 8 Ravenstone Gardens (re-Submission of Application Ref (66/2015/15914)

Location: Ravenstone Gardens, Albert Street, Sutton-in-Craven

Date Decision issued: 04 March 2016

Permission Refused

The Planning Authority considers the roads leading to the site are by reason of their alignments/junctions/width/condition and lack of footways/lighting considered unsuitable for the traffic which would be likely to be generated by this proposal and, as such, the development would be contrary to saved Policy H3 of the adopted Craven District (outside the Yorkshire National Park) Local Plan.

b)

Date of Valid Application: 08 October 2015

Proposal: Change of Use of Former Nursing Home (C2) to Ten Two Bedroom Apartments (3)

Location: Royd Hill, Sutton Lane, Sutton-in-Craven

Date Decision Issued: 11 March 2016

Permission Granted

c)

Date of Valid Application: 21 January 2016

Proposal: Proposed Car Port, Porch and Front Terrace

Location: 1 Ellers Road, Sutton-in-Craven

Date Decision Issued: 16 March 2016

Permission Refused

1. The Proposed car port by virtue of siting, scale, design and construction materials would visually intrusive in the street scene and cause substantial harm to the designated heritage asset of Sutton in Craven conservation area. This adverse impact would significantly and demonstrably outweigh the benefits when assessed against the policies in the National Planning Policy Framework.
2. The proposed car port by virtue of siting, scale and design would be visually intrusive and have an adverse overbearing impact, overshadowing the properties to the north west on Ethel Street. The proposal would therefore significantly and demonstrably outweigh the benefits and would conflict with the policies in the National Planning Policy Framework and saved Policy H20 and Appendix F of the Craven District (Outside the Yorkshire Dales National Park) Local Plan.

d)

Date of Valid Application: 15 February 2016

Proposal: Retrospective Application for Utility Room / Wet Room Extension to Rear of Existing Garage

Location: 11 The Coppice, Sutton-in-Craven

Date Decision Issued: 15 March 2016

Permission Granted
