

# Celebrating Sutton

This resource has been put together by local people to share information about the vast array of amenities and opportunities to join in with and enjoy in our village and where and when they take place.

We have tried to make sure all information is accurate but details are subject to change.

We are blessed to live in such an active and vibrant community. Let us try to welcome all members of our community, offer a helping hand when we can and in time of personal need remember there is always someone to help us in return.

## Opportunities for Children
