

SUTTON PARK RECREATION GROUND

**HOLDING AN ORGANISED EVENT IN A
PUBLIC PARK**

OR ON

**PUBLICLY OWNED OR MANAGED OPEN
SPACE**

PHILOSOPHY

The Parish Council manages Sutton Park on behalf of the residents of Sutton-in-Craven and wishes that the Grounds be a benefit to parishioners and others. It is keen that it shall remain a space for the enjoyment of pastimes by the parishioners, and will not wilfully obstruct, deny or prevent such enjoyment unreasonably. It does reserve the right to act as it sees fit for the preservation of the Ground for the majority of the parishioners

Terminology

In this entire document the following terms will be used;

‘PC’ means the Sutton-in-Craven Parish Council

‘Ground’ means Sutton Park

‘Applicant’ means any person or persons who have applied for permission from the PC to hold a formal event on the Ground.

‘Casual User’ is any person or persons using the Ground for casual activities as defined elsewhere.

‘Casual Activity’ is any activity not requiring the permission of the PC to be defined elsewhere and not involving more than 20 persons.

‘Event User’ is any person who uses the Ground at an organised event.

Why do I need permission to hold an organised event?

The council needs to be aware of any ‘organised’ event that is planned to be held in our public park or on public open space. This is to make sure that:

- there is an accountable person or body equipped to organise the event
- the event is properly managed
- proper risk assessments have been carried out
- there is public liability insurance in place so as to protect the public, public land and the organiser of the event
- there will no clash of events; and
- all organised events are carried out in a safe and competent manner – from the organisers setting up, to the public attending.

What does the council consider to be an organised event?

If you are planning something that might be taking place, say weekly or monthly; or you are inviting members of the public to join you on a regular basis; or for a single event which may for example attract large crowds, or which members of the public or other organisations or individuals are invited to attend, then we would probably consider that to be an ‘organised’ event.

We would also consider an organised event to be one where a set time, date and venue have been advertised in any medium – say in the local papers or through a poster, flyer or on the internet – where people are invited to be part of the event, or people are invited to attend to watch.

If you are planning this sort of event then you need to complete an events application form.

Why do I need public Liability Insurance?

It is the responsibility of the event organiser to ensure that there is sufficient public liability insurance to cover their event, those taking part in their event and those visiting their event. Sutton-in-Craven Parish Council will be only responsible for giving the event organiser permission to use the park or open space to carry out their organised event. It will not be responsible for any accident or incident in connection with it.

Why do I need a Risk Assessment?

A risk assessment is done to identify any potential risks, issues or problems and to look at ways in which these can be reduced. A risk assessment needs to be carried out by the event organiser for all organised events that take place in any public park or on public open space.

What if I am asking others to put on some activity at my event, such as operators of a fairground ride, bungee trampoline or a bouncy castle?

If they are not to be covered by your organised event's public liability insurance, then the operators of these extra activities will need to provide copies of their own insurance, they will also need to carry out their own risk assessments. It is imperative that all attractions, including any generators, are fully serviced and that copies of their certificates are obtained by the event organiser.

Are there any charges to hold an event?

Charges are subject to the Councils discretion.

Are there any conditions of use?

There are a few conditions that an event organiser must adhere to prior to, and during an event please see below.
