

Intermediate Series Full Double Horn, Key: F/Bb, Valves: 4 rotary valves, Bell size: M, Bell type: Fixed, Bore: 12mm (0.472"), Valve casings: Nickel silver, Valve rotors: Solid, Lever action: String, Finish: Clear lacquer

---

The popular 567 is a full double horn with a design very similar to the innovative 667V. Though priced as an intermediate model, it is used by some professional players in top orchestras. Its easy response and sure note centering make it ideal for students-while the colourful tone and precise intonation make it attractive to pros. The 567 is an outstanding horn and great value for its price.
