Best of Enemies

Iain Parke

Prepare to rethink everything you thought you knew about World War II.

1940, Britain's darkest hour, and as Naval Intelligence officer Tom Belvoir negotiates the corridors of power he hears the murmured talk of surrender.

Desperate times call for truly desperate measures, an extreme operation and the ultimate sacrifice, in a plot which will change the course of history.

Now, seventy years later, what secrets are still too dangerous to be talked about today?

Best of Enemies is a work of fiction – but one based on facts and real documents which lead to its shocking conclusions and implications for Anglo-American relations.

Best of Enemies is a book which will appeal to fans of both *Fatherland* and of Smiley's world of bureaucracy and deception.

About the author

Iain Parke imports industrial quantities of Class A drugs, kills people and lies (a lot) for a living, being a British based crime fiction writer.

Creator of TV optioned Brethren MC biker thriller series, Iain lives off grid high up in Northumberland.
