7.0 RE-LAYING OF SCOTSTOUN PLAYING SURFACE

It was reported that enquiries made indicated that the previously laid playing surface had been dug up and dumped in landfill. Assuming this to be the case, the observation was made that this was a wasteful use of good top soil and that the turf could perhaps have been used to cover the former blaes playing field in Victoria Park.

The intention of First Bus to terminate the 4 and 4 A service due to lack of economic viability and the consequent effect on the local community was discussed.

It is noted that a petition has been created by Valerie Gould 1367 to stop cuts in bus services.

It is suggested that the Community Council contact Councillor K McLean to note concern and offer support in resisting any reduction in local bus services.
