### How was Rutland Water made?

A large area of land was flooded by people. It is a man-made feature, it is not natural.

It took 5 years to complete. People had to move out of their homes so the land could be flooded.

It is piped and used as drinking water.

### Where do we live?

We live in the United Kingdom which is made up of four countries.

We live in the country England.

Our school is in the town Oakham which is in the county Rutland.

Country	Capital City	Flag
England	London	
Scotland	Edinburgh	
Wales	Cardiff	
Northern Ireland	Belfast	

### What is the environment?

The environment is all the things around us. For example trees, land, people, water and animals.

### Why should we take care of the world?

We need to take care of the world for all the people and animals in it to thrive. The world is our home and we should respect it. We should look after it for people after us as well.
