

## What bait should I use?

In the Spring, maggots and sweetcorn are a safe-bet, although maggots will generally deliver the smaller fish. Prawns dipped in chilli powder have been recommended too!

In Summer meat, sweetcorn and pellets along with dog biscuits have seen reliably good catches while on a Summer's evening floating bread works very well.

Autumn favourites include pellets and sweetcorn.

Wing Hall Fishing Lakes are just outside the village of Wing, approx 1 mile off the A47 between Uppingham and Manton, or 1 mile from the A6003 between Oakham and Uppingham. Call for help if required.

### Good Swims

The well-placed islands are natural carp haunts, whilst the reeded banks on the railway side offer an interesting habitat.

### Facilities
