Providers are paid a pupil premium at the rate of 53p per hour. Funding can be claimed for eligible children attending up to **15** hours per week (the pupil premium cannot be applied to the extended entitlement hours).

Posters for advertising this funding to parents have been updated and can be downloaded [here](#).

Coming Soon – New Training and information on EYPP funding will shortly be added to the Early Years webpages and Step into Training.

Extended Entitlement – 30 Hours

If you are interested in expanding your offer to encompass the extended entitlement for 3 and 4 year olds and need support, please contact 30hours@oxfordshire.gov.uk who can help with suggestions on extending your hours/weeks of opening, delivering the offer in partnership with other providers or supporting financial viability. There is also limited grant funding available for providers in areas of high need. Please see more information at www.oxfordshire.gov.uk/cms/content/30-hour-childcare-entitlement

Social Mobility Plan

The Government has recently published a Social Mobility Plan.

[Unlocking Talent, Fulfilling potential: Improving Social Mobility Through Education](#) is The Government's national plan to support children and young people to reach their full potential.

The first two ambitions of this plan are particularly pertinent to us in the Early Years Sector

Ambition 1 – Close the ‘word gap’ in the early years.

Ambition 2 – Close the attainment gap in school while continuing to raise standards for all.

In Oxfordshire the proportion of children making a Good Level of Development (GLD) at the end Reception is 73%. This is above national and statistical neighbour averages and continues a 6 year improvement trend of which the Oxfordshire Early Years Sector should be proud of.

- Oxfordshire has recorded improved results in Literacy with 75% of children achieving at least the expected level. This is 2%pts above the national result.
- 80% of children achieved at least the expected level in Reading and 75% achieved at least the expected level in Writing; an increase of 2%pts in each area.
- Reading in Oxfordshire is 3%pts above national and writing is 2% above the national.

However, there is always more to do

- Gender Gap - 68% of boys achieved the ELG in writing compared to 82% for girls.
- The proportion of FSM children in Oxfordshire achieving a good level of development has increased by 2%pts, but remains below the national average.
- No children with an EHCP achieved a good level of development in 2017.

Look out for training, briefings and resources on the Toolkit to support you in developing practice in these areas.

New Ofsted Publications

Read Early Educations open dialogue with Ofsted on the Bold Beginnings report [here](#).

Updated - [School inspection handbook](#) provides guidance for inspecting schools under the common inspection framework, with a mythbuster document on common misconceptions. The handbook on [short inspections and unannounced behavior inspections](#) for schools has also been updated.

Other Publications

School Readiness

Lots of new information on [School Readiness](#) has been added to the OCC Early Education Toolkit with more coming soon.

Literacy 1 in 8 of the nation's most disadvantaged children say they don't have a book of their own at home, according to new research from the National Literacy Trust.

<https://literacytrust.org.uk/news/1-8-disadvantaged-children-uk-dont-own-single-book/>

The [Book Trust has advice for families](#) on encouraging a love of reading including the [Bath, Book, Bed campaign](#) to help everyone settle into a regular bedtime routine.

The Oxfordshire Library has now opened at the Westgate Centre. The new children's library is bigger and brighter than the old one, with more space for activities, special events and school visits.

Larkrise Primary in Oxford has some great ideas to encourage book sharing and reading at home. Families contribute books for others to share.

What do you do to encourage a love of reading? Please send photos (without children in them) to Early.Years@Oxfordshire.gov.uk with permission to share on our early years Facebook page.

Safeguarding Information

Safeguarding Self Assessments

By signing the EEF (formerly NEF) agreement settings agree to complete the Early Years Safeguarding Self-Assessment (formerly Audit). This helps you to ensure that you are up to date with current legislation, identify safeguarding training needs and provides good evidence for Ofsted to show that you are meeting the safeguarding and welfare requirements of the [Early Years Foundation Stage \(EYFS\) April 2017](#).

It is good practice to review the audit every 6 months. You may be asked to return the audit to the Early Years team as part of ongoing monitoring.

Schools and Nursery schools complete the Schools Safeguarding audit.

Online safety

Safer Internet Day 2018 will be celebrated globally on **Tuesday 6th February 2018** with the slogan "Create, Connect and Share Respect: A better internet starts with you". You can find education packs to support [here](#):

Early Help Assessment Training

The Early Help Assessment, Team Around the Family processes and Threshold of Need are vital components of ensuring that children and families get the right support at the right time. This important training will help Early Years providers to identify emerging concerns for children and families, understand how to implement an assessment of these concerns and to co-ordinate support for the whole family. This training, held at various locations around the county cost is free. Please book through Step into Training.

OSCB Learning Event

From around the web

This video on [Developmental Trauma](#) told to us through the voices of children teaches us that by putting together the seven-piece jigsaw puzzle of 'Developmental Trauma', we can understand how a child's adverse childhood experiences have shaped their emotional world and outward behaviour.

Celebrating Difference and Challenging Gender Stereotypes in the Early Years Foundation Stage

While significant progress has been made in recent years, anti-LGBT bullying remains widespread in Britain's primary and secondary schools. To truly address this problem, we need to tackle it at its root and support young people to develop inclusive attitudes from an early age. A vital way to do this is to celebrate difference, including LGBT people, and proactively challenge gender stereotypes in the Early Years Foundation Stage.

[Getting Started](#) produced by Stonewall provides a clear roadmap for early years providers to create an inclusive environment where every child can thrive. It outlines how providers can meet and exceed their Ofsted and legal requirements in this area, and features ideas, tips and case studies for inspiration.

Business Matters
