1st JULY 2019

Dear friends,

How are you? I hope that you are doing well with your family there in UK.

We are so happy for planning us a trip. This trip are so educated and therefore visit a place which we had never visit before. We were to be taken to Vasco da Gama pillar and various places at Malindi.

When the day we were looking forward to had finally arrived everyone was as happy as a ~~to~~ sandboy. Everyone went home to prepare for the trip. We were to spend the ~~to~~ eve of that day at school.

As soon as we had finished taking our delicious meal everyone was to sleep on a locker. Everyone was not as comfortable as a coin when were sleeping. It is because that we don't have sleeping materials in our school but we were to spent the night there.

We are saying thank you to lend us a hand and the trip was successfully educated. We are saying thank you to lend us a hand. It was successfully enjoyable and so fun.

We are so happy that you built for us the storing ~~to~~ classes. There is no any other school like Timboni in our village. I can say that Timboni is shining in our village because of its well painted walls and that makes Timboni famous.

We say thank you for your sponsoring that we received as many lockers as we were expected. In our village there is no other school like Timboni because other pupils in other schools they had to sit on stones so that they can ready but they would not be still comfortable. They will face problems increase when it is rainy. Their building s are not built using blocks but using clay soil, trees and ropes.

In our school there is feeding programme which is going on everyday. Even if it would be our parents to contribute that money they would not be able.

We are saying thank you and may God bless you and your family abundantly.

Your faithful

Adnan Kea Katama
