Dear friends,

I-how are you? I hope you are fine and doing well. I am also fine and I am doing very well with my studies

The reasons for writing this letter is to thank you for all the wonderful things you have done. I thank you a lot for having built for us a school library the library is very nice and it has very many books that we will be useful in our revisions. We even thank you for the school programme. In the past it was extremely challenging for other pupils to walk long distances to eat lunch which in many times was not there a home. We so thank you so much for this feeding program it has truly helped us

We thank you for building for us a nice playing ground. The field was covered by many stones and we were not able to play very well but since you built it for us the playground we enjoy playing.

I pray to God to bless you for your effort, love and care. May God bless you all once again
Thank you.
