Thank you Friends for your contributions in our school and may God bless you. ~~and~~ Our school now is among the beautiful schools in our district, beautiful building and beautiful in studies. Thank you for your support as friends and for your help to build us new building in our school. So many parents wish to take their children to our school now.

We thank you for the football atires, because in many school when it reaches the time of games they dont ware any games atires, they just play with their school uniform which is not good. For the lockers you bought for us they are helpfull to us as Timbori primary school. Others were thought that they wont sit on a locker until they go to high school.

For the feeding programme, also we say thank you, because there are many schools in our district ~~which~~ which dont have feeding programmes. On the other hands we feel happy to make us our football field smart. Now our field looks good and attractive.

Thank you for your organization of our school trip every year and for that we thank you, because not all schools are going for trips. If there are but they

are not many. With those few remarks I would say  
thank you for all that you have done for us and we  
are expecting to see you soon. May God bless you.
