About this Pattern

The Little Skein Scarf is a simple scarf pattern designed to showcase 5 x 20g mini skeins of 4 ply hand dyed yarns.

And it also works for using up any odds and ends of 4 ply yarns! Use as many colours as you like, simply move onto the instructions for the next section every time you add a new colour.

Using just knit and purl stitches, explore the colours of your yarns through a mix of alternating garter and stockinette stitch sections.

As a guideline, each row will use approximately 34” / 85cm of yarn.

INSTRUCTIONS

Decide which order you would like to knit your mini-skeins / odds and ends in, cast on 46 sts using the first colour.

Set up rows

Rows 1-4: SL1 wyif, k to end
Row 5: SL1 wyif, k22, pm, k23

Section 1

Row 1 (WS): SL1 wyif, k to marker, sm, p to last 3 sts, k3
Row 2 (RS): SL1 wyif, k to end

Repeat rows 1-2 until you have used up as much of the skein as possible, finishing at the end of a row 1.

As a guideline, each row will use approximately 34” / 85cm of yarn.
**Section 2**

Change to the next colour.

**Row 1 (RS):** Sl1 wyif, k to end  
**Row 2 (WS):** Sl1 wyif, k2, p to marker, sm, k to end

Repeat rows 1-2 until you have used up as much of the skein as possible, finishing at the end of a row 2.

**Section 3**

Change to the next colour.

**Row 1 (RS):** Sl1 wyif, k to end  
**Row 2 (WS):** Sl1 wyif, k to marker, sm, p to last 3 sts, k3

Repeat rows 1-2 until you have used up as much of the skein as possible, finishing at the end of a row 2.

**Section 4 and 5**

Work as sections 2 and 3. If you wish to work more sections, continue to alternate between sections 2 and 3 for each colour that you use.

**Final Section**

Work your final section until you have approximately 1g / 0.04oz, 3.3yds / 3.4m yarn left.

**Last 4 rows:** Sl1 wyif, k to end

Bind off.

**Blocking**

Blocking your hand knits is a way of ‘setting’ your stitches. To block your scarf, soak it in a bowl of warm water for about 10 minutes (you may add a little wool wash if you wish). Take them out of the bowl and gently roll in a towel to squeeze out any excess water. Lay it flat on a clean towel and gently pin into shape or use blocking wires along the edges.
