

Pupil Premium Strategy 2018-2019

The Pupil Premium is allocated to the school on behalf of children from low-income families who are currently known to be eligible for Free School Meals (FSM) in both mainstream and non-mainstream settings and children who have been looked after continuously for more than six months. The primary aim when spending the funding is to raise the attainment of disadvantaged pupils and close the gap between them and their peers. Schools are free to spend the Pupil Premium as they see fit. However, we will be held accountable for how we have used the additional funding to support pupils from low-income families. As a school, we are required to publish online information about how we have used the Pupil Premium Grant. This will ensure that parents and others are made aware of the attainment of pupils covered by the Premium and the extra support that they receive. For the financial year 2017-18, schools were allocated additional funding to be used to support interventions and provision already in place at their schools or to provide additional provision where need was apparent.

Summary of barriers to achievement

Children at Grovelands who are eligible for Pupil Premium funding are encouraged to learn and make sustained progress. At Grovelands, there are barriers to this progress including the following:

- Attendance and Punctuality
- Parental engagement
- Child engagement in learning activities

After careful consideration and reference to the Single Equality Policy, Grovelands Primary School decided to use this additional funding in strategies outlined below. A majority of these fall under the wider whole school approach to the use of the Pupil Premium through the introduction of Pledges.

Pupil Premium Pledges

Grovelands Primary School pledged the following for all students entitled to additional support through the Pupil Premium:

1. To have access to the Internet at school to complete homework tasks (homework clubs).
 2. To receive funding towards trips, including residential.
 3. To be given opportunities to take on additional responsibilities within the school e.g. Prefects, School Council, House Captains, Playground Buddy, Peer Mentor, Lunchtime Monitor, Eco-warriors.
 4. To be provided with extra support in Maths, English or other areas of the curriculum where the pupil is significantly underachieving.
 5. To be provided with extra behaviour or SEMH support where required.
 6. To have financial support made available (up to £25) for essential school uniform.
 7. To have access, where needed, to support from the HSLW, SLT or Inclusion Manager.
 8. To have access to breakfast club (limited availability).
 9. To have access to an extra-curricular club.

2018/2019 Impact

The impact evidence for 2018/2019 will be reported online by the end of September 2019. This is to allow assessment and attendance data to be included to the end of the 2018/2019 academic year. The impact of these strategies will be measured in educational outcomes through changes in the attendance, progress and attainment data during this academic year. The 2019/2020 Pupil Premium strategy will be published online by the end of September 2019.
