

Lady Bay Arts Trail
Weekend 15th & 16th May
2021

Good news! Lady Bay's unique community art event is planned to take place in 2021. Although the current situation with COVID continues, organisers have started to explore the options: art exhibitions in larger community venues - church/halls/scout hall, school and local businesses. Whilst it may not be possible next year to open studios and homes, we will be looking at different ways to match previous years in celebrating art and making, aiming to offer a great experience of contemporary art, engaging the community and all ages in art activities, shows and meeting artists. We'd like to provide funding for public/community art commissions and enlist additional help with our online media presence. We'll be consulting with local creatives as well as taking advice about holding events during pandemics to help us along the way. Look out for updates on social media and www.ladybayarts.org.uk

Lady Bay Planters

Ben Goodeve has taken over from Meridee Peyton Jones as co-ordinator of the Lady Bay street planters and is updating the map of planters along with the list of the individuals who look after them. If you currently look after a planter, or you would be interested in taking one on, please get in touch with Ben at bengoodeve@msn.com so that he can ensure that the list is as current as possible.

Also, anyone looking after a planter can apply to the Lady Bay Community Fund once a year for a grant of £30 to pay for plants, compost etc. The current round of funding has closed but you can apply to the next round of funding in March 2021.
