1	I really do not feel that there is a sense of community in the village. As a village nothing is done to encourage everyone to get together on a regular basis. A community bonfire? A Christmas Fayre? The WI is the only organised village activity of which I am aware.	3/21/2016 9:15 PM

7	It is all of the above! The village pub is also a great asset, adding to the attractiveness of the village. You don't really appreciate the people and sense of community until you begin living here!	3/10/2016 3:21 PM
8	Also, the school and pub	2/26/2016 4:04 PM
9	Its rural nature	2/20/2016 8:34 AM
10	All three of the above points are important assets, but the people and community stand out.	2/10/2016 11:12 AM

30	I shall soon have to give up driving and will rely on public transport. There is now an hourly bus service from Kirby Hill through Boroughbridge to Harrogate. perhaps Roecliffe would be included.	3/19/2016 8:18 PM

35	Roads. Main through route. Too many parked cars on the main road. Not a clear view of on-coming traffic. Needs passing places marked with yellow lines. Yellow lines on both sides of the main road from the school gates to the church entrance gate. Needs a pavement through the village. The road on the east side would be improved with a one-way system from north to south. Off road, herringbone type parking on the edge of the green.	3/18/2016 5:37 PM
36	Chaotic parking around the green - school and pub. Also speeding traffic through the village.	3/15/2016 11:53 AM
37	No access to services unless you have transport	3/14/2016 5:12 PM
38	I think it is essential that a daily bus service to the village be maintained. There are several elderly residents who no longer drive, and therefore need the bus service for access to Boroughbridge and beyond.	3/14/2016 12:20 PM

43	The problems created by the amount of parked cars	3/11/2016 9:16 PM
44	Too many cars parked at certain times. HGV turning in village when lost directions	3/11/2016 10:12 AM
45	Too many cars parked around the village at certain times of the day. Also large vehicles using the village to turn when needing to go back to Roecliffe Lane.	3/11/2016 10:03 AM
46	Lorries to the businesses on way into Roecliffe often go too fast. They park up and leave their 'litter'. The welcome success of the pub can sometimes lead to parking challenges- it seems to work better when overflow cars park on the same side of the pub on the roadside, as opposed to the green. Could 'mucky lane' be used for additional parking maybe? Traffic 'bumps' would help at the last bend at each end of the village to ensure cars slow down.	3/10/2016 4:12 PM
47	The village as far as I am concerned, (on certain days of the week, I walk through it completely, 4 times during each of those days), is the complete disregard for local residents, (and transiting persons), by the motorists/parents bringing children to school. There might as well not be "30 MPH" signs, they could just as well read, "go as fast as you please", no-one cares!!, (unless maybe one of these days someone is knocked down and injured, then the question will be "well how did that happen", or do we have to wait until it is too late??). There needs to be run-off areas all around the village green to move these "ignorant parkers" off the road, (have you seen the state of the village green grass edges lately?), and a few Sleeping Policemen to slow them down, (especially in the heart of the village). Bar Lane is just a speedway for most of the transiting persons, it is most disconcerting to have a 14 wheeler come within two and a half feet of your ears at 50MPH, (I don't have to name Businesses), once again, the 30MPH signs by Reed Boardall's need not exist, no-one takes a blind bit of notice!!	3/9/2016 3:53 PM
48	Particularly during school times and large functions in the village.	3/9/2016 10:58 AM
49	The traffic and parking within the village can be excessive, particularly at weekends when the pub tends to host parties/weddings. The problem is caused by insufficient parking being provided within the pub grounds. This not only causes damage to the village green from parked cars, but is also very dangerous for the children who play in and around it .	3/8/2016 3:46 PM
50	The amount of vehicles attracted by the school and the pub creates the most friction due to speeding, inappropriate parking and congestion. Disabled and pushchairs have to go on the road to move around the village - not safe with so much traffic	3/7/2016 12:03 PM
51	Because despite two pumps on Bar Lane, and recent installation of a 10,000 gallon tank and pumps within the grounds of the Camping and Caravaning Club, Bar Lane still floods drastically every time we have heavy rain. This Christmas being a prime example. We were staying in our lodge and the road outside was inaccessible for four days, leaving us trapped. This is not anything to do with the Environmental Agencies flood defences holding back the River Ure, as the river remained contained by them. This is specifically rain water not being adequately drained from Bar Lane.	3/5/2016 3:52 PM
52	Parking alongside main road causes difficulty for 2 vehicles to pass, also parking opposite pub at edge of the green makes it difficult to view oncoming traffic when turning out of the side road.	3/5/2016 12:23 PM
53	Parking on the main road alongside the green causes problems when 2 vehicles are passing in different directions.	3/5/2016 11:57 AM
54	I selected this answer because I depend on the availability of public transport to get out of the village, following a minor stroke, when the DVLA prevented me from driving.	3/3/2016 3:01 PM

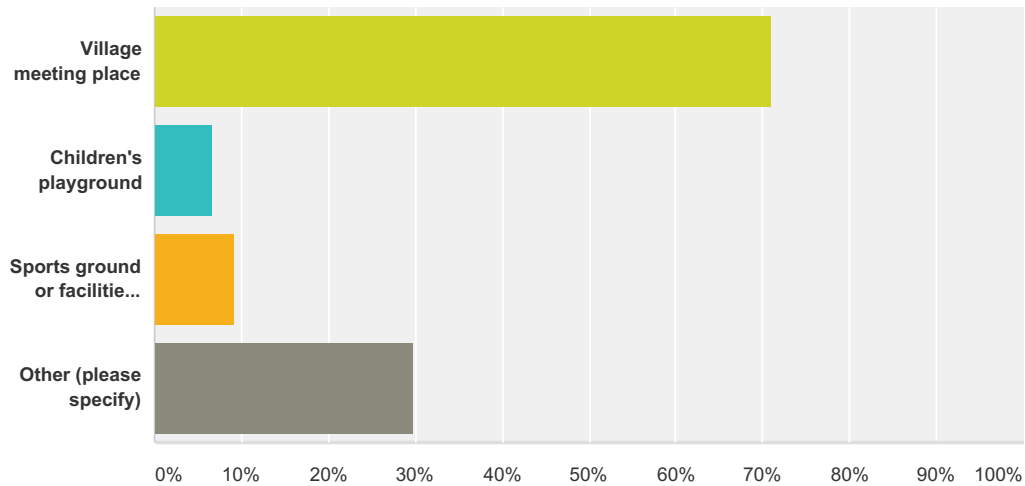

55	Very busy at school times and business park. Also, busy pub, especially at weekends - lack of parking facilities.	3/3/2016 10:50 AM

57	Elderly visitors ability to vist local towns is limited.	3/1/2016 9:21 PM
58	Existing bus service very limited & I under threat.	3/1/2016 5:20 PM
59	Limited service already which seems to be always under treat, if not able to drive limits ability to get to places	3/1/2016 5:20 PM
60	Most people have cars. There is no low cost housing so transport is not SO important.	3/1/2016 10:12 AM
61	Speeding is an issue and a 20mph courtesy zone should be introduced around the school/Green	2/26/2016 4:05 PM
62	There are big business units at the Boroughbridge end of the village that use large vehicles for their transport - these vehicles do not slow down on the small road in and out of the village so are likely to cause an accident. There are also some times of day when traffic is busy - at the end of the shift for the businesses and for the "school run" -quite a few children are brought to school by car so increasing the amount of traffic along the main road in to the village	2/23/2016 9:39 PM
63	when walking through the village some of the cars & vans etc, pass you far to fast & close, thankfully not all.	2/21/2016 10:37 AM
64	Because my wife & i have been blown into the hedge & sucked out towards the road by speeding trucks. But it is not only trucks that speed but other vehicles as well. The appropriate authorities appear to not be doing anything about it. Less talk more do is needed.	2/21/2016 9:47 AM

66	Problems with parking near to my house when I have family visitors	2/20/2016 12:30 PM
67	The road through the village do not allow for parking and HGV traffic.	2/20/2016 8:36 AM
68	The School and a busy Pub/Hotel, create regular conflict with other road users. There is little space to park off road.	2/20/2016 8:05 AM
69	There is just no affordable housing for younger people. The village will die	2/17/2016 11:24 AM
70	rural location is increasingly affected negatively by noise, traffic and light pollution from growing industrial areas getting nearer to the village	2/15/2016 9:47 PM
71	Proposed cuts to public transport in April 2016 will leave it difficult to access Boroughbridge or further afield if you do not have your own car and taxi fares are pricey however far you will need to go. The 57A bus route is already suffering and it is also now pricey since the new route 1A between Kirby Hill/Boroughbridge onwards to Harrogate is only charging £5 return. We really do need a bus service from Roecliffe at the current times available now.	2/15/2016 1:55 PM
72	There is a huge amount of traffic at school dropping off and collection times, and also very bad parking, both from the school and the pub.	2/13/2016 1:11 PM
73	Parking in the village is a problem with popularity of school and pub. Both create hazards	2/12/2016 9:11 AM
74	Availability of housing does not affect those ALREADY living here, and is therefore IMO should not be in this section. Traffic is a problem which can be sorted out by the PCC. Access to services (which services) is good	2/11/2016 12:43 PM
75	There is very little space for parking at school drop off and collection times, which cause gridlock when the local bus and other service vehicles need to pass through the village	2/11/2016 12:09 PM
76	As a business user the schools traffic causes us a lot of issues in the morning. Parent seem to abandon their cars in the middle of the road.	2/10/2016 2:02 PM
77	With parking at the weekend for The Crown eventually there will be an accident at the apex of the village green. This would also help protect the verges of the village green.	2/10/2016 11:17 AM
78	From Knaresborough to Boroughbridge there are no buses at evening time after 6pm.	2/9/2016 4:37 PM
79	From Knaresborough to Boroughbridge there are no buses at evening time after 6pm.	2/9/2016 4:33 PM
80	Living more than a mile from the nearest bus stop in Roecliffe, getting about without a car is a challenge. Older people tend to have more health appointments and no bus service after 1pm makes life very difficult.	2/8/2016 2:13 PM
81	Parking is and always has been a problem. Perhaps a school bus from Boroughbridge would help reduce the number of cars	2/8/2016 1:32 PM
82	I would really like my youngest child to attend Roecliffe village school, but I am put off due to a lack of a pre school that feeds into the school.	2/8/2016 12:11 PM
83	we need more young familys to the village	2/8/2016 12:10 PM
84	I think the village needs a little more diversity, and new residents could provide this.	2/8/2016 11:47 AM

85	Parking issues from the school and the pub	2/7/2016 3:43 PM
86	Increasing amount of traffic particularly heavy goods and the roads are not built or maintained to take it.	2/7/2016 10:18 AM
87	The laws in place are not enforced. Heavy and or speeding traffic through the village and the use of the Bar lane/industrial estate as transitory HGV parking, a bin and an open toilet	2/7/2016 9:02 AM
88	Industry is constantly encroaching on the area.	2/6/2016 6:28 PM
89	Parking around the green	2/6/2016 3:25 PM
90	Parking in the village can be challenging at the weekend especially at weekends	2/6/2016 3:10 PM
91	Sought after village. Traffic. Parking on the road opp the Pub is a problem too	2/6/2016 3:09 PM
92	Ruining the roads and surrounding areas	2/6/2016 1:56 PM
93	The housing which does become available from time to time seems to fall into 2 categories- large expensive dwellings and very small cottages, Some mid-size, mid-cost housing would be useful.	2/6/2016 1:24 PM
94	The approach road is grossly overloaded with HGVs and is a danger to normal users, in particular pedestrians	2/6/2016 1:15 PM
95	Heavy vehicles and parking are a problem.	2/6/2016 12:59 PM
96	The increasing size and population of the industrial estate detracts from the attractiveness of the village.	2/6/2016 12:26 PM
97	There are often teenagers hanging around Boroughbridge at night. It is because there are no youth or sports facilities, with another 500+ houses earmarked it needs to be considered.	2/6/2016 12:18 PM
98	Traffic picking up children from school in the village. Drive very quickly and cause problems parking their cars. End up parking on the green or blocking the bus route.	2/6/2016 12:06 PM
99	better bus service to Boroughbridge & better onward travel to Leeds	2/6/2016 10:29 AM

20	It would be great to have a village hall- nothing fancy- just have electricity/water/loo and sink etc to hold village events. Attached to this could be a play area for the children.	3/10/2016 4:16 PM
21	Suggest that the church be used more. A central village meeting place would be a good idea - although difficult to see at the moment where this could be situated. Good plentiful car parking would be needed. Church would need the removal of pews and washroom/kitchen facilities provided. school obviously has limitations on its use for general purposes.	3/9/2016 11:00 AM

30	The village has a need for a village hall, since there are problem areas with other possibilities in the village. The School is not available during school holiday times, the Coach House is only available when not being used for functions and the Church does not belong to us and would need so much spending on it to make it suitable for functions.	2/10/2016 11:22 AM

17	Yes, there are quite a few, example is the fields as you drive up into the village from BB	3/19/2016 2:04 PM
18	Bottom of Roecliffe Park	3/19/2016 4:15 AM
19	Area on the left coming into the village from Boroughbridge. Affordable houses for ordinary working people. Also a large car-park for the village, with a pavement on the left of the road into the village.	3/18/2016 5:48 PM

26	The second yard adjacent to The Old Vicarage, we are thinking of applying for planning permission to build one property there.	3/7/2016 12:14 PM
27	Commercial development restricted to Bar Lane industrial estate. Limited scope for housing development in the village. More park homes for over 50s on Roecliffe Park.	3/3/2016 10:52 AM
28	Land adjacent to Reed Boardall. Field on LHS when entering village from Boroughbridge (resi) or local amenity.	3/1/2016 9:26 PM
29	No	3/1/2016 5:24 PM
30	No	3/1/2016 5:23 PM

32	In the field that is attached to Manor Farm and opposite Roecliffe Park.	3/1/2016 10:14 AM
33	The wasteland opposite Alexanders as it's already an existing site so it should be developed and not left in its current state which is an eyesore.	2/26/2016 4:18 PM
34	There should be no further commercial development in the area - planning permission has been granted for commercial development on the Cementation site on Bar Lane and this still has not commenced - once this is built the traffic increase will make the road in and out of the village congested and much more dangerous for people cycling and walking.	2/23/2016 10:00 PM
35	no	2/21/2016 10:40 AM
36	As i have only lived in Roecliffe for 2 1/2 years i do not know the area that well so i believe i cannot answer this question.	2/21/2016 9:52 AM
37	On the edges of the village. Two Arrows field beyond the A1 bridge	2/20/2016 12:32 PM
38	Change the use of some of the industrial zoned land to enable some mixed housing. small pockets of land to the east of the village.	2/20/2016 8:43 AM
39	There are small areas of land on the edge of the Village to the East, and between the Village and Boroughbridge that would not harm the nature of the existing Village. and housing would need to be on a small scale. The type of housing should be mixed family sized accommodation.	2/20/2016 8:12 AM
40	Field adjoining Roecliffe Park would be very suitable for an extension of the park home park	2/17/2016 11:27 AM
41	Some infill spots in village	2/15/2016 9:51 PM
42	Area beyond crown park. Old cementation site on bar lane, would link with houses already there.	2/12/2016 9:17 AM
43	Land East of A1 Thorns Lane	2/11/2016 3:30 PM
44	The site next to Crown park, previously used as an overflow for campers	2/11/2016 12:47 PM
45	There is possible land available on the Boroughbridge side of the A168, and possibly in the field below Orchard Cottages on Bar Lane. Commercial development will have to be on Bar Lane Industries development site, or in-filling in Clay Pit Lane, Brickyard Road and Becklands Close. Maybe Roecliffe Business Park for office accommodation.	2/10/2016 11:31 AM
46	Westwick	2/8/2016 2:15 PM
47	ro ecliffe park parkhome site	2/8/2016 12:16 PM
48	the field on the left hand side of the road as you come into the village, or land just as you leave the village going towards Bishop Monkton.	2/8/2016 11:51 AM

51	Plenty of space along Bar Lane but the type of development needs to be light and respect the fact it is semi-residential.	2/7/2016 9:08 AM
52	For housing: The old Skanska Site on Bar Lane, which has been empty for many years.	2/6/2016 6:33 PM
53	On the road out to Bishop Monkton and between the motorway and Boroughbridge	2/6/2016 3:16 PM
54	No	2/6/2016 2:25 PM
55	Land beyond Roecliffe Park for residential. Adjacent to greenhouses could also maybe be commercial	2/6/2016 1:29 PM
56	Land adjacent to Thorns lane. Land in Two Arrows field. Bar lane Development site.	2/6/2016 1:08 PM
57	Area of wasteland between Reed Boardall and Brickyard Road, though traffic measures would be required as it is a one way in/out road and gets busy with lorries. Area of land behind the church if a 'one way system' was introduced, in past the church and out past the nursery greenhouses at the back or vice versa	2/6/2016 12:32 PM
58	Land near mucky corner	2/6/2016 10:33 AM

25	Roecliffe - historically a small rural farming village should never lose its character and become suburbanised. The recent development at Vicarage Farm & Holmside Farm have been a success and enhanced the village, but now not much further scope - and a difficulty of access. Expansion for housing should therefore not be permitted into the surrounding countryside with only one or two possible exceptions. One being the field to the west of Manor Farm opposite Roecliffe Park which could provide an area for sensitive development. Well screened from the west by the copse of trees and the small stream defining the limit of Crown Park and providing suitable boundary for the village. Some small development could be considered at the opposite end of the village one day but still retaining a buffer zone between roecliffe and the industrial sites	3/9/2016 11:05 AM

38	Land to the north/south/west is farming land and need to remain so.	2/20/2016 8:43 AM
39	All land to the west of the Village. That would change the nature of the existing habitation on an historical basis as well as today's view. That land is all farming land and should remain so.	2/20/2016 8:12 AM
40	area next to Paynes dairies	2/17/2016 11:27 AM
41	Ancient ridge and furrow pastures beside Johnston's Nursey. Remaining rural land between A1 and Roecliffe.	2/15/2016 9:51 PM
42	Roecliffe needs to be kept completely separate from Boroughbridge so any development which joins use up any further should be avoided.	2/12/2016 9:17 AM

15	A frequency of a bus service would be ideal being realistic it's not going to happen as the buses that come to village are mostly empty. Most of the villagers if not all ,have cars.	3/11/2016 9:19 PM
16	Maybe there are some people who would be happy to give lifts to people who need it? Have a contact list available for people to phone?	3/10/2016 4:19 PM
17	Pavements around the village for pedestrians.	3/7/2016 12:14 PM
18	Bus service is already under utilised as the majority use their cars. Road too narrow for cycle lanes.	3/3/2016 10:54 AM
19	general maintenance of roads and paths	3/2/2016 4:46 PM
20	The local bus service could be more frequent, but a smaller vehicle should be used as the times that i have seen the bus there has not been anybody on the bus, but this is probably because most of the residents have a car. A decent parking space for the bus would be helpful as where it parks there is not a lot of room for any vehicle to pass.	2/21/2016 10:01 AM
21	Complete the footpath around the village. Dangerous to walk around the village due to fast traffic and lots of carparking making the road a single carriageway. This path would make the village safer and foster a sense of community because people would walk around thhe village more.	2/15/2016 9:53 PM
22	Voluntary car service from Roecliffe to Boroughbridge town centre and Morrisons. Obviously the return journey as well. We can improve getting around the village by grass creting the verge of the east end of the village green from opposite the church to the apex of the green. This would get more cars off the road.	2/10/2016 11:35 AM
23	the pathway out of the village is not wide enough for a larger mobility scooter	2/8/2016 12:20 PM
24	short stay school parking ,better rules for users of Bar Lane ie swopping sites Paynes dairy	2/7/2016 3:46 PM
25	Local frequent mini bus service	2/7/2016 10:21 AM
26	Facilitating parents taking children to school by bike would greatly reduce traffic at 9 and 3.30. Get the 9am bus driver to park somewhere else other than in the village while they make up their time.	2/7/2016 9:11 AM
27	Not sure if increasing the bus service would be sustainable.	2/6/2016 6:34 PM
28	None	2/6/2016 2:25 PM
29	Improve the capacity of the approach road (Bar Lane), or restrict its use by the heavy vehicles.	2/6/2016 1:19 PM

**Q10 Looking at Roecliffe & Westwick – Environment Clean air, uncluttered streets, unpolluted rivers and lots of green spaces and habitats make an attractive environment in which to live and work and visit. 6	Currently the village is poorly illuminated	3/21/2016 8:58 PM

7	The worse pollutants in the village are the gases given off from diesel vehicles, including those on the motorway. The village suffers from heavy parking around the green especially at school drop off and pick up times and at weekends from pub customers	3/21/2016 7:38 PM

20	Ensure Thorns Lane and adjacent surrounding areas are cleared of dumped vehicles (there have been some improvements recently but more needs to be done)	3/15/2016 11:54 AM
21	Parking on the grass verges, (especially during wet weather) greatly damages the verges and therefore degrades the attractiveness of the village. At present we have several signs to discourage this (more signs would be invasive), perhaps some more grass-crete on the North East side of the green would allow for more parking with less damage to the grass.	3/14/2016 12:38 PM

27	Improve styles. gates down to river	3/11/2016 10:38 AM
28	Make styles easier to use for elderly and keep in good order	3/11/2016 10:33 AM
29	Ask more of the local businesses to do a litter pick around their area- and the bigger companies to do it more regularly than happens now. Ask them to highlight the importance of visitors to the village taking their rubbish with them, or provide bins for their rubbish at their sites. We could still make the pond a more attractive area for wildlife and people to visit.em	3/10/2016 4:24 PM
30	Footpaths should be kept and well maintained and signposted	3/9/2016 11:06 AM
31	The streets between the Bar Lane roundabout and Paynes Dairy are regularly a disgrace. This appears to be in the main due to the tanker drivers from Paynes, throwing bottles out of their cabs as they have just passed Reed Boardall. Thinking the bottles were just half full of coke we picked one up to dispose of it properly. It turned out to be half full of urine. We counted 12 similar bottles in the same place. This was made even worse last week, when there was a carrier bag of excrement in the same place. Clearly this is beyond whether or not the environment is attractive, and is more about whether the environment meets Health and Safety Standards.	3/5/2016 4:03 PM
32	By looking after/maintaining what we already have.	3/5/2016 12:05 PM
33	More volunteers to keep the footpath clear from the village to the common.	3/3/2016 3:10 PM
34	Needs more street lighting.	3/3/2016 10:54 AM
35	Better lighting particularly where there is no street lighting, but I fail to see how help clean air and increase green spaces etc.	3/2/2016 2:34 PM
36	Waking in the road is not ideal	3/1/2016 5:27 PM
37	A footpath would be beneficial as walking in road can be dangerous and grass verges are often muddy	3/1/2016 5:26 PM

38	A simple footpath that goes from the common and down the left hand side of the village past 'phone box.	3/1/2016 10:16 AM
39	Reduction in litter - approaches into the village from both sides are often strewn with litter (especially Bar Lane)	2/26/2016 4:21 PM
40	Improved drainage on Becklands Lane - also clearance of thistles and ragwort at the side of this track. Improvement to the footpath near the lock	2/23/2016 10:05 PM
41	Improve the walk through the woods towards the lock, as it gets very overgrown & very difficult for walking.	2/21/2016 10:05 AM
42	None of the above	2/20/2016 3:10 PM
43	Public rights of way need maintaining	2/20/2016 8:46 AM
44	Many of the footpaths need maintenance and improved signing. There riverside walk towards the lock is particularly in need of work to bring up to a good standard.	2/20/2016 8:17 AM
45	down the village in front of the pub	2/17/2016 11:28 AM
46	Litter is a real problem. The village does a lot of own litter picking on a organised and ad hoc basis. Bins on the village often over flowing due to cyclist and walkers leavign picnics etc. Needs more frequent emptying.	2/15/2016 9:54 PM
47	Payne's Dairies to Roecliffe very dark as no street lights at all - winter months especially difficult walking from Boroughbidge	2/15/2016 1:56 PM
48	more car parking and a footpath along the major road through the village	2/11/2016 12:49 PM
49	Better lighting on the main road through the village, and a pavement	2/11/2016 12:12 PM
50	All three of the above are important. The west end of the village needs a street light, the Roecliffe Ramble needs regular inspections for any necessary repair works, and street gullys need cleaning out regularly especially in the Autumn when all the leaves have fallen from the trees. This would help prevent any flooding.	2/10/2016 11:39 AM
51	Getting rid of potholes caused by heavy wagons would help. Cycling in the dark path the dairy is dangerous unless you know where the potholes are; I do.	2/9/2016 4:39 PM
52	between Roecliffe and Bishop Monkton	2/8/2016 2:16 PM
53	Having a car parking area outside the village so people can drop off pub customers then go and park.	2/8/2016 1:41 PM

1	Improve car parking in pub car park, tidy waste disposal areas, dummies in front of pub past sell by date, use pub car park for school drop off and pick up point. Although village won village in bloom prize in 1990's it would not now - nothing done for Royal events, no Christmas tree lit up, pond n wooded area at top of village is a disgrace and dangerous	3/21/2016 9:32 PM
2	Currently there are no public parking facilities, when school is going in and coming out village becomes swamped with vehicles from outside parish. Similarly the car park owned by The Crown Inn is not large enough when there are special events.	3/21/2016 9:04 PM

9	sadly it is becoming unsafe for the children to play on the green due to increased traffic and parking	3/21/2016 11:34 AM
10	downsize school to ease traffic	3/21/2016 11:19 AM
11	no changes needed, residents need to appreciate how lucky we/they are	3/21/2016 10:54 AM
12	Where could we find space for extra parking. chief leisure activities are dog walking and visiting the pub	3/21/2016 10:46 AM
13	Perhaps not the main issue but Roecliffe is suffering considerable damage to green edges and kerbing from inconsiderate heavy vehicle and car use.	3/15/2016 11:56 AM
14	the Crown Inn and the school obviously create the most problems for parking in the village. As there is no nearby available land to alleviate this, I think we should concentrate on getting people to park sensibly.	3/14/2016 12:56 PM
15	pavements through village	3/12/2016 3:27 PM
16	Two of the above create the problems, I don't think it will acceptable to change the village greens into car parking areas	3/11/2016 9:25 PM
17	Pavement around the village	3/7/2016 12:23 PM
18	I've already suggested some of these at the last question! Certainly improving Car Parking would be a benefit.	3/5/2016 4:10 PM
19	Serious car parking issues, especially indiscriminate parking by customers of The Crown Inn.	3/3/2016 11:03 AM
20	If the purpose of the question is increase tourism then improve the car parking, but two of the attractions listed are main of car problems then the question should be address to them.blems	3/2/2016 2:35 PM
21	The car parking in Roecliffe is atrocious especially when there is a function in The Crown Inn.	2/21/2016 10:12 AM
22	Restrict parent parking in dangerous situations and a time limit for dropping off and picking up children.	2/20/2016 3:16 PM
23	Consider widening road.	2/11/2016 3:33 PM
24	As mentioned previously grass crete the west end of the village green from opposite the church to the apex of the green. Maybe develop a small car park for rambles on the village green outside Homeside Farm	2/10/2016 11:51 AM

11	Traffic calming measures from Bar Lane roundabout onwards. As one who spends a lot of time staying at the Camping and Caravanning Club, and walking in the area the ridiculous speeds reached by many vehicles, and most specifically Paynes own vehicles between the roundabout and their depot are a continuous threat to anyone walking or driving anywhere in the vicinity. We regularly have to duck back from the pavement to avoid being brained by their wing mirrors as they fly past. Also the village would benefit from a 20 mph limit. (Twenty is plenty seems to be a sign seen regularly around schools)	3/5/2016 4:16 PM
12	improve general lighting within the village	3/2/2016 2:36 PM
13	traffic calming measures around the school and on Bar Lane	2/23/2016 10:15 PM
14	Ambiguity in the question - you need to clarify what you mean by security with regard to traffic calming measures	2/11/2016 12:55 PM
15	better street lighting and a camera at each end of the village	2/11/2016 12:24 PM
16	POlice speed controls along Bar Lane. 20mph speed limits in the vicinity of the school. Comprehensive list of emails to inform residents on Neighbourhood Watch issues.	2/10/2016 11:55 AM
17	short stay around the school to stop parking	2/7/2016 3:52 PM

13	Active, and regular prosecution of speeding drivers. Traffic calming would also be a benefit. Having been involved in the Traffic Calming measures put in place in another village it became clear that almost every person caught breaking the speed limit lived or worked locally. (The police stopped every single motorist exceeding the limit for a whole day). I realise it may sound like I have it in for Paynes drivers, but in my experience they are far and away the worst culprits. Anyone who spent an hour sitting by Brickyard Road and logging the cars/vans/lorries clearly exceeding the 30mph limit would see for themselves. Compare the contribution to the area, and the attitude of drivers from Reed Boardall to the detriment to the area and attitude of drivers from Paynes and you have the flip sides of the coin.	3/5/2016 4:23 PM

34	Yes Roecliffe School is an asset to the village but the village green is not a public playground. Whilst we accept that there are after school run activities on the village green and several village children play on it , it is not fair that as the weather improves a great number of parents are bringing picnics, sports equipment etc and staying on the green until 6 o'clock at night. Sometimes the parents remain in their cars. For health and safety reasons together with the amount of cars and noise we question whether this should be allowed to happen.	3/18/2016 6:41 PM
35	Emergency way out of the village when roads are flooded. Open up a route down Becklands Lane. This would only be open in a flood emergency, could have a locked gate somewhere along the route and keys to be held with known residents. Notice at each end giving times open for use, e.g. From Roecliffe - to drive through on the hour to 20 past the hour. From the other end - to drive through on the half past to 10 to the hour. Large vans, lorries, and other large vehicles prohibited. The school. This is a school in the wrong place, too many pupils travel by car. A school is not about a building but about people and therefore should be in a more central part of the catchment area, with a bigger playground and a car park. The school playing area of the green needs a barrier around the edge for safety reasons. This to stop balls running and children dashing into the road. There are many more cars and cyclists coming through the village now. We are now living in the 21st Century and some things may have to change, or sadly it may be an accident waiting to happen.	3/18/2016 6:04 PM
36	It's gradually happening more, but to avoid the perception of a hierarchy/usual suspects who organise/do things within the village- encourage others to get involved and help out in small ways first, then who knows.....	3/17/2016 10:44 PM

39	The industrial area between Boroughbridge and Roecliffe has a significant impact on the quality of life in the village - safety, traffic (particularly access), noise and visual impact. This needs to be considered in the formulation of any village plan. There also needs to be a flooding contingency plan for the village. The Parish Council should have some responsibility here. Such a contingency plan would perhaps only be limited to communication, but residents should be informed and assured of what is being done when such an event occurs. i.e. : Extent of access for vehicles and foot travellers. Access help (e.g. Paynes Dairies kind actions). Pumping arranged, if appropriate. Emergency services informed of difficulties if they need to access Roecliffe. Volunteer co-ordination for residents unable to get prescriptions or food basics.	3/15/2016 11:58 AM

54	The village is in itself a lovely place to live. but as in all communities, it is usually the persons that don't live within the village boundaries that ruin it for the residents, of course you can't keep them out, but maybe if we could shepherd them into showing more consideration for the village/ers, maybe an idea??	3/9/2016 4:21 PM
55	All important areas covered	3/9/2016 11:09 AM

56	My concerns relate to the current situation with businesses along Bar Lane which seem to be expanding at an alarming rate, and in turn are putting pressure on the road infrastructure, which was never designed to accommodate their large vehicles, and in such numbers. The entire area is also becoming unsightly, with litter and derelict spaces. I would therefore like to see a plan to address some of the issues. For example, new landscaping and a more durable road surface. Also a dedicated pedestrian/cycle lane would be appreciated by all us who risk life and limb everytime we walk/cycle to Boroughbridge and back.	3/8/2016 4:11 PM
57	More people getting involved in community fund raisers or at least contributing to paying for the maintenance of the trees, cutting of grass, path ways and pond area.	3/7/2016 1:33 PM
58	Please be aware that we don't actually live in the area, but own a holiday lodge in Roecliffe, where we spend a lot of our time. In the four years we have been lucky enough to be able to spend time here we have found Roecliffe a beautiful place to be. It is sad to see that the increasing industrialisation of the Bar Lane area is having such an effect, and now Paynes have taken over the land opposite Alexanders we don't really expect to see things improve unless they are forced to.	3/5/2016 4:28 PM

60	Not really. The major problems are the school and public house car parking, both of which are an absolute nightmare and nothing seems to be solved on either case.	3/3/2016 3:27 PM
61	Roecliffe is a very pleasant village to live in but has limited scope for housing development. Due to the amount of traffic due to the school and business park, a 20mph speed limit should be introduced in the village.	3/3/2016 11:08 AM

70	Better 'formal' communication needed surrounding key issues and outcomes that may affect the infrastructure/fabric of the village - a Roecliffe-specific village e-bulletin to be issued/circulated when anything 'material or significant' is taking place so that villagers are kept apprised of the latest status of planning requests/developments by outside commercial interests (eg - fishing pond near Paynes Dairies, planning applications to develop land adjacent to Roecliffe Park, etc)	2/26/2016 5:06 PM

73	I just wish to emphasize the need for traffic calming of some sort before somebody God forbid gets hurt or even killed.
