BIKES FOR SALE for GREAT OAKS HOSPICE

How it works:

It's really simple. People generously give us bikes they don't need - big bikes, little bikes, mountain bikes, road bikes. They are all donated. We repair the bike if necessary, but if we can't repair it we take off any good spare parts and the rest is sold as scrap metal. Nothing is wasted.

We sell the bikes at reasonable prices and every last penny of the proceeds is given to Great Oaks Hospice.

We do this as a hobby in our spare time to raise money for Great Oaks Hospice, so we aren't a shop, we don't have opening hours and we can't be here all of the time, but whenever we are here, day or night, you are welcome to knock on the door at any time. We prefer you to come and have a look at what we have at the time, rather than sending messages which gets complicated.

If there is no one at home and you would like to donate a bike, please leave it inside the driveway near our shed.

If you would like to buy a bike and there's no-one at home you could try coming back later or phone us on 01594 563664 or 07854 842424
The phone numbers are on our front door.

You'll find us at Fieldway, Lydney Road in Yorkley GL15 4RR
We're at 'The Bailey' end of the lay-by which is opposite the school.
It's the house with all the bikes outside!
