Current problems & specific aims of referral:
1) What has prompted you to refer today? What do you/the person being referred want to get out of being referred to Great Oaks?
2) Are there any physical symptoms?
3) Functional – mobility, activities of daily living - Does the person being referred need support with their functional ability?
4) Social – are there any other professionals involved? Who is their family/social network? Are there any other adults needing support? Are there any financial or housing concerns?
5) Psychological – how is the person feeling? Are there concerns over their mental health/well-being? Does the person being referred have capacity? Are there any suicidal thoughts being expressed?
6) Spiritual – Are they religious or part of a spiritual community? What sustains them at difficult times? Are you aware of any spiritual fears or anxieties?
Any other Support Services involved in Care? (Name and contact details please**)**
