STYLING BROCHURE 2021 & 2022

# Welcome

We have over ten years' experience styling weddings, are fully trained florists, have had our work published in several blogs and are recommended by several stunning venues across South Yorkshire, Derbyshire, and Nottinghamshire.

Our packages have been designed to give you the styling, décor, and flowers of your dreams. All of our packages include luxury fresh flowers (silk flowers are available on request), props and styling, two consultations at our showroom, a personalised styling plan, table mockup and delivery within a 25 mile radius.

We truly believe every little detail of your wedding should be perfect, we only take on one fully styled wedding booking per day. This ensures we have the time to make your dreams a reality. Each element of your chosen package will be designed around your ideas and colour schemes making it completely bespoke to you.
