

Potato information 2024-25

FIRST EARLIES

- Lady Christl** Oval, yellow skin, creamy flesh. Early maturity. Good for boiling/chipping
- Red Duke of York** Red skin, oval, yellow flesh. Good in all soils, v.g. flavour, boiling/chipping.
- Rocket** Round, fast maturing, white waxy flesh. Good for salads/boiling.
- Sharpe's Express** White skins and pale, lemon-coloured flesh. These potatoes have a fine flavour and are best suited to boiling, roasting and chipping

SECOND EARLIES

- Charlotte** Long oval, yellow flesh. Salad potato, boiler, excellent baker left late.
- Wilja** Wilja was one of the first Dutch-bred varieties to change the rule book about second earlies. Wilja allowed large consistent crops of light yellow skinned tubers to be produced in a shorter time period. The flesh is yellow and firm being in between waxy and floury.

MAINCROP

- Cara** White, round, creamy flesh. Good storer. Good flavour, excellent baker.
- Desiree** Pink oval, pale yellow waxy flesh. Good flavour, for boiling/baking/chipping.
- King Edward** Kidney-shaped, white skin/pink eyes, creamy flesh. High cooking quality.
- Maris Piper** Oval, creamy flesh. High yields, excellent all-round cooking qualities.
- Orla** High blight resistance. Good flavour, use as first early, or maincrop. Large crops of white tubers.
- Picasso** Waxy flesh, round, drought resistant - boiling & general use
- Sarpo Mira** Can be large, "reddy" potatoes that are blight resistant at the tuber.

We are very sorry, but there are a number of varieties that cannot be supplied this year due to the weather & growing conditions. These include favourites such as Arran Pilot, British Queen & Pink Fir Apple.
