<input type="checkbox"/>	Shed	<input type="checkbox"/>	Tool store	<input type="checkbox"/>	Green-house	<input type="checkbox"/>	Poly-tunnel	<input type="checkbox"/>	Slabs etc
--------------------------	------	--------------------------	------------	--------------------------	-------------	--------------------------	-------------	--------------------------	-----------

NAME Plot No

ADDRESS
.....
.....

Post Code Telephone Number

Email address Date

Please note that by submitting this application form you are agreeing to the terms and conditions of having a covered structure and/or base as set out in the “instructions” and, more comprehensively, in the Conduct of the Society (bye-laws).

Details of structure (including manufacturer’s name or catalogue details if relevant) and/or materials to be used (including the number of slabs)

Position on plot

Please use the reverse of this form to draw a rough diagram to indicate the position you wish to place the structure and/or slabs in relation to the neighbouring plots and pathways, to include the position of the door, or attach a separate drawing.

We strongly recommend attaching guttering to your shed or greenhouse and having a water butt to collect rainwater. This makes watering easier, keeps down our water bills, and is environmentally conscious as droughts become more likely.

Please complete this email this form to the Site Manager on BEAS.sitemanager@outlook.com or place it in the postbox by the main gate, marked for the Site Manager's attention
