

D

is for the **Dinosaur**  
A name that is quite new.  
Job talked about the Behemoth,  
And dragons were dinos too!

The word  
"dinosaur" was  
first used in 1841

The King James  
Bible version was  
made in 1611

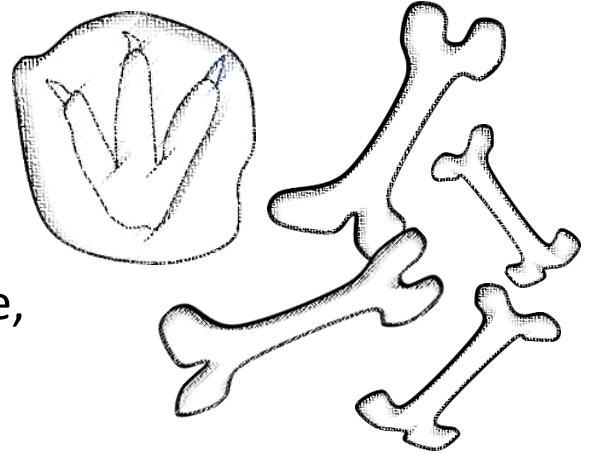

I

is for **Inside** the ark  
the dinosaurs did go.  
The Bible tells how huge it was,  
Room left for them to grow!

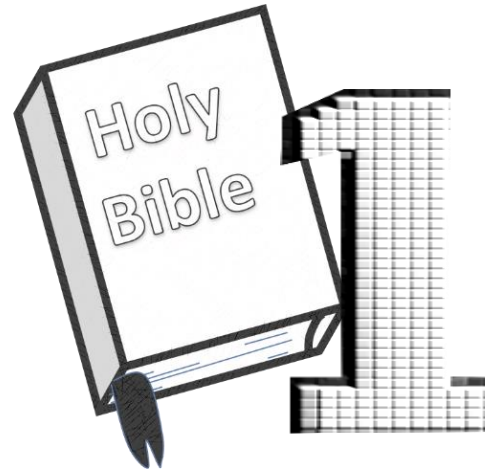

N

is for **No Longer Here,**  
The dinos are all dead!  
Fossils show how big they were,  
And fill us with such dread!

O

is for **the One True God,**  
**One** God who made us all.  
Believe His Word, be saved today,  
Please listen to His call.
