

I am very happy to see you here!

You looking at this list of available design stamps means you are looking to design your own unique make for someone special.

I love making personalized items and will do my best to make your imagination a reality.

If you have any questions or are not really finding a design, you are looking for please get in touch.

All available designs stamps are listed here.

They are available in different sizes, and I have marked them in different colors so you know how small or large the stamp is and if it would suit your make.

Small design stamps up to 6mm are listed in [Blue](#)

Medium design stamps between 6mm and up to 12m are listed in [Orange](#)

Large design stamps over 12mm are listed in [Red](#)

Some design stamps are lengthy or irregularly shaped so these will be listed based on their longest measurement.

I have tried to categorize them as much as possible but as you can imagine all of these can be used for multiple designs/occasion. Have a look through them, you might find your design stamp in a different category then expected.

All the designs you see in this list was stamped out using an inepad and paper. Some details are very clear while others are a little smudged. The design will look different once they are stamped into metal compared to being stamped with ink.

# Animals

20  Bear	21  Bird right 1	22  Bird left 1	23  Otter w/ baby	24  Elephant w/ hearts	25  Scorpion	26  Firefly	27  Baby Elephant	28  Simple Paw	29  Simple dog head	30  Wale
