Sponsorship Form

Join schools across the UK to plant a million trees for the Queen's Platinum Jubilee.

We are asking schools across the UK to support our pledge to plant a million trees, giving every child the opportunity to champion the British value of 'RESPECT' for our environment.

We need the help of your school.

We would love your school to join the Million Tree Jubilee campaign to help OBON reach its ambitious target. Trees will be planted through our partner Ecologi, a climate action platform working with multiple tree-planting partners around the world.

Trees planted through Ecologi will cost **£0.24** each. Can your school help in raising a sum of **£240** so that we can plant **1,000** trees on your behalf.

Name of school _____ **Name of Pupil/Class** _____
